Jerusalem telegram No. 655 [of 13th September:

Please telegraph your comments particularly  
on the question whether the Israel Government would  
be likely to tolerate or encourage the activities  
of terrorists in Jerusalem in the event of  
internationalisation or whether they are more likely  
to discourage such activities in case they were to  
spread into Israel.

3. Please also telegraph any comments on  
the following points put to us by Mr. A. Goodman  
Political Secretary of the World Agudath Israel.  
He has told us that his organisation in Palestine  
and elsewhere still wants Jerusalem to be  
internationalised although no public statement to  
this effect can be made now. He thinks that many  
orthodox Jews in Jerusalem, including the Agudath  
and such bodies as Neturei Karta, and the Ihud group  
would be only too pleased to live under an

international regime and that the Anglo-Jewish Association, the American Jewish Committee and the Alliance Israelite would support them after the international regime had been established. He admits that this is not true of Mizrahi whose connexion with the terrorists has always been close. Goodman would like to arrange for religious Jewish forces to assist in securing the internationalisation of Jerusalem. His only concrete suggestion is that we draw attention to the evidence of the Agudath before the United Nations Special Committee on Palestine in favour of internationalisation and say that we have no reason to believe that it has changed its views. He thinks that no Agudath leader would say that he had changed his mind. He admits that this might cause a Cabinet crisis in Israel but says that in any event the Agudath is unlikely to remain in the coalition for more than six months.

S.L.O. West Africa has reported the existence in French West Africa of a strong rumour that disgruntled Jewish terrorists intend to leave Palestine and make French West Africa their spiritual home.

We have seen no information tending to confirm this rumour, which seems on the face of it most unlikely. If you have any relevant information, please let us know.

CONFIDENTIAL

Addressed to Foreign Office telegram No. 262 of 13th February  
repeated for information Saving B.M.E.O. (Cairo), U.K. Del.  
New York, Jerusalem and Budapest.

X You will have read of the release of Friedman Yellin  
and Shmuelovitz the convicted leaders of the Stern Gang  
under the general amnesty granted at closing session of  
the Provisional Council of State.

2. This is not only a cynical admission that the  
Israeli Government has forgotten the murder of Bernadotte,  
which in fact I believe they connived at, but also of their  
fear for their own skins and of the recognition that they  
would not have been able to keep them prisoners. We have  
now the edifying spectacle of the first Constituent  
Assembly including as members the leaders of both the I.Z.L.  
and the L.H.Y. to say nothing of the Communists.

3. The following are the closing sentences of the  
report in the Palestine Post of the end of the trial:

"After the verdict Friedman Yellin burst out in an  
angry attack against the Court and its integrity, saying  
it was merely a perpetuation of the British Courts and that  
he would not ask for mercy or amnesty. Although during  
delivery of judgment the atmosphere was solemn, in the two  
recesses there was talk of the abnormality of the situation  
since it seemed that the prisoners would be freed by a  
general declaration of amnesty on the very day on which they  
were convicted. However a member of the prosecutor's staff  
said it was important to determine the status of the L.H.Y.  
organisation regardless of the status of the individual."

4. The Court (Lt. Colonels Felixbrodt and Nahum Shadmi  
and Major Yaacov Galili) had apparently taken out a life  
insurance policy by offering the convicted their immediate  
freedom on conditions that they would:

- (1) repudiate underground movements in and outside  
Israel.
- (2) Instruct all L.H.Y. members here and abroad to  
cease participation in underground movements.
- (3) Submit to police supervision and obey their  
orders for two years.

The prisoners made no reply to the Court but later  
privately said they would never sign such a declaration.

Imprisonment up to Twenty years for Members of Outlawed Groups

The new Emergency Regulations 'For the Prevention of Terrorism' enable the Government to take drastic measures for the suppression of Terrorist organisations. Penalties provided include terms of imprisonment ranging from 15 to 20 years for active participation in the work of such organisations, whereas one to five years' imprisonment is foreseen for ordinary members. Penalties of imprisonment up to three years or a 11,000 fine, or both are threatened to those encouraging or supporting any terrorist organisation. The property of such organisations is liable to confiscation under the Emergency Regulations.

In promulgating the new law, the Government announced that trials for offences coming under these regulations will be held before Military Courts and sentences will be subject to review by the Minister of Defence to

P.T.O.

whom appeals can be made.

Crimes such as murder will be dealt with in the ordinary way and be subject to the penalties provided by criminal law. Thus, Count Bernadotte's murderer will have to face the death penalty.

The chief of Staff, or the Inspector-General of Police are authorised under the Regulations to determine which organisation is to be regarded as terrorist.

Please refer to your CK.93543/C/A.5.X.2. dated  
17th October, 1947.

We have now learned from S.I.M.E. that Ruth  
WOLOWELSKI, whose particulars are given above, was a  
passenger on an aircraft travelling from Johannesburg to  
Haifa at the beginning of May. She had apparently arrived  
in Johannesburg on 17th May, 1948, from Amsterdam on what  
was described as a "family visit". WOLOWELSKI did not come  
to the adverse notice of the South African police during  
her stay in that country.

It seems likely that this woman is identical with  
the one mentioned in your report as a suspected Jewish  
terrorist. None of the other persons listed by you have as  
yet come to our notice.

Yours sincerely,

dated 22nd October, 1947.

On 18th May last S.L.O., Nairobi, sent us a nominal  
roll of passengers on a special charter Sudair International Airways  
plane which passed through Salisbury on 4th May in direct transit  
Johannesburg-Haifa. The list included the name of R. WOLOWELSKI.

We therefore asked S.L.O. for further information.  
He informed us that WOLOWELSKI, described as a Swiss spinster, aged 32,  
arrived at Palmietfontein, Johannesburg, on a "family visit" from  
Amsterdam on 17th March, 1948. She was travelling on Swiss passport  
No. 937912 issued in Geneva on 11th May, 1939. Her residential address  
was given as 51, Ave. des Alpes, Montreaux, Switzerland.

On her arrival in Johannesburg, WOLOWELSKI only had  
£5 and her deposit of £75 was paid by Mr. and Mrs. H. TUCKER of  
102, Manners Mansions, Joubert Street, Johannesburg, who are reported  
to be of good social standing and repute, and against whom nothing is  
known from a security standpoint.

Subject did not come to adverse notice of South

For your information, as you are no doubt aware, similar communications have been received in Baghdad and Damascus.

Our letter was received via the I.P.C. and after consultation with the local Manager of their organisation, we came to the conclusion that the most likely means of conveyance was from Haifa on a tanker or similar vessel, the letter being dropped unstamped in a letter box in Tripoli and thence delivered to the I.P.C. who, from time to time, act as forwarding authorities for this Legation.

I understand that the Damascus letter was also received marked via the I.P.C.

Mr. Belgrave, the local Manager of the I.P.C., is investigating the matter from his end with a view to tracing, if possible, the sender or courier of the letter.

The matter has been placed in the hands of the local Surete and I am awaiting their comments on it.

You will note that similar action has been taken in Baghdad and Damascus.

No further details are as yet to hand.

Please refer to your letter Aliens/40/27 dated 1st June, 1948, about Miss Allegra SABIAN.

This woman has not come to our notice since we originally wrote to you in October 1946, nor has her identity with the suspected terrorist sympathiser ever been definitely established.

In these circumstances we should feel unable to object to her proposed change of employment should the Home Office ask for our opinion.

We should, however, be interested to hear if she should come to your notice in any way in future.

Yours sincerely,

YOUR REF. O.P.85/22/B.3a/PS

Dear Sir Percy,

re: Miss Allegra SABBAN - Egyptian.

With reference to the above and previous correspondence, I beg to inform you that this alien's landing conditions were varied by the Under Secretary of State to permit her to remain in the United Kingdom until the 8th October, 1948 under Home Office reference S.53833 dated 2nd June, 1947.

It has been made known to this office that Miss Sabban is making an application to the Ministry of Labour to change her employment from that of governess to an accounting machine operator in the Medical Records Office at St. James' Hospital, Leeds.

It is learned that Miss Sabban has considerable experience in the use of accounting machines and that her experience was gained as a member of the clerical staff of the British Army in Egypt. Should the alien be granted permission to change her employment and take up the intended work she would assume the status of a Civil Servant and would undoubtedly have access to important official documents.

It is not known whether or not the Ministry of Labour will consult the Home Office before giving their permission for the change of employment but on the Ministry of Labour permit she can only enter the employment specified on the permit issued to her when she came to the United Kingdom, a condition to which she has hitherto adhered.

Yours faithfully,

*J. Barnett*

With reference to your C.O.2064(2) dated  
6th April, 1948.

We have the following trace of VIGOR mentioned  
in your letter:

VIGOR. In April, 1945, D.S.O., Syria, reported that "a friend  
of Jack PADWA (a Jewish business man well-known to London and sus-  
pected of terrorist connections) had met one <sup>X</sup>Abraham VIGOR, <sup>X</sup> whom  
he suspected of being a member of the Hagana". His particulars  
as then noted were:

Nationality: Dutch. Born: 6.12.22 at Enschede.  
Holder of Dutch passport No. 1.14.75 issued Tel Aviv  
29.10.44. Occupation: Director American Near East  
Company.

It is not apparent from this one letter which refers to VIGOR why  
Jack PADWA was mentioned, since there is seemingly no connection  
between VIGOR and PADWA. Since PADWA is described in the report  
as being possibly connected with Hagana, whilst he is in fact  
connected with terrorists, it is possible that VIGOR may equally  
have at the time been connected with terrorists and not with the  
Hagana.

We have no information on any other personality  
mentioned in your letter, but have written to D.S.O.(E) for further  
details of ROUSSEI and FELDWIN.

Dear

We have recently been reviewing our information on the subject of Soviet collaboration with Jewish Terrorists. Listed below are a limited number of CX reports of which we have no confirmation from other sources.

- (1) CX.88513/0 of 22.8.47, para. 5, referring to Stern Gang use of Russian weapons.
- (2) CX.88513 of 26.8.47, para. 6, referring to Russian aid to the I.I.L.
- (3) CX.99513/0 of 8.10.47, referring to Polish support for terrorists.
- (4) CX.88513/B of 13.10.47, paras. 3, 4, 6, 7 & 8, referring to Stern Gang contact with the U.S.S.R.
- (5) CX.88513/A of 13.4.48, paras. 1 & 2, referring to Stern Gang contacts with Soviet Agents.

In most cases the sources seem accurate in their reporting of Jewish affairs and merely indicate their bias when they suggest Russian implication in these matters. We do have a considerable amount of information which indicates that the Stern Gang, in particular, look to the Soviet Union for support rather than to the Western Powers. We have, however, seen no hard evidence that Jewish Terrorists have in fact been in contact with Soviet agents or have received money or arms from the U.S.S.R. or Soviet satellite powers.

In these circumstances it would be helpful for us to know whether by present standards you consider that any of the sources responsible for the reports mentioned above are "mauve". In this connection we recently received a Palestine C.I.D. report suggesting that the murder of two Poles by the Stern Group was committed under Soviet orders. Do you by any chance think it would serve the interests of the right wing Poles to build up a case of Soviet support for Jewish Terrorists in order to justify any action they may wish to take, or may wish us to take, in respect of their own dissidents in the Middle East?

N.A.  
X Joe Enrain BENCHIAT

We have received a request for information regarding the above-named from the British South Africa Police.

BENCHIAT is a British subject, born in Aden on 13th July, 1903, and is in possession of British Consular Passport No.C.213538 issued in Cairo on 11th January 1946. He arrived in Southern Rhodesia by air on 26th February 1948 for the purpose of settling, and said that he was seeking a business partnership. He declared assets of from £15,000 to £20,000 and stated that for the past ten years he had been senior partner in the American Near East Corporation (Egypt) who carried on business as commission agents at 19, Sh. Adly Pacha, Cairo.

British South Africa Police have received information, believed to be reliable, that BENCHIAT and his co-directors, A.E. VROEN, who holds a Dutch passport and resides at 4, Aronovitis St., Tel Aviv, and a Central European Jew named Leo WEISSBLAUM, who holds a French passport and resides mostly at the Hotel Edward in Paris, are self-professed Jewish extremists. It is also further stated that BENCHIAT recently offered to buy from a person connected with the disposal of American Army stores all the shell cases he could obtain and it is considered by the B.S.A. Police that this offer was not unrelated to the Palestine situation.

It is also further suggested that the American Near East Corporation, which also operates from premises at 41, East 42nd Street, New York and 30 Rue des Mathurins, Paris, might be concerned in a network of Currency Regulation Evasion.

BENCHIAT is said to be, or to have been, associated in business with Raphael Salomon SOUSSI, a French merchant of 13, Rue de la Foote, Alexandria, and a German refugee, Ernst Reuben HEDWIN, whose address is given as c/o Rivoli, 118, Elmad el Dine, Cairo. Both these persons have visited Southern Rhodesia within the last year.

We shall be grateful for any information you may have or can obtain regarding BENCHIAT, VROEN, WEISSBLAUM, SOUSSI, HEDWIN or the American Near East Corporation.

We have written to the Commissioner of Police, Aden, asking him for information on BENCHIAT.

The Haganah, the I.Z.L. and the Stern Gang

PALESTINE - Political.

The HAGANAH, the I.Z.L. and the STERN  
GANG.

1. A number of reports have been received from observers with well-placed contacts in Jewish national quarters in Palestine on relations between the Jewish military organizations.
2. Reporting on 6th March last (i.e. before the recent announcement of an agreement between the I.Z.L. and the HAGANAH), one usually well informed correspondent stated that all efforts at establishing common ground between the latter and the dissidents had up to that date remained fruitless. The I.Z.L. and the STERN GANG are reported to have informed the HAGANAH on March 1st that they finally refused to negotiate in the matter of political or military submission to that body. The I.Z.L. announced that it would continue to struggle against the HAGANAH; liaison-officers previously functioning between the two bodies were recalled.
3. At this period the I.Z.L. and STERN GANG are stated to have negotiated with each other on the question of strengthening their fight against the British and the Arabs. The HAGANAH was making strong efforts to obtain inside information on both bodies. It had learned that the I.Z.L. was re-organising and recruiting; that body would when ready start strong armed action and was confident of defeating all opponents in its plan of playing an important role in a Jewish State.
4. A different correspondent, reporting on 6th March, stated that the previous day a stormy meeting was held between representatives of the HAGANAH and the I.Z.L. Eventually the I.Z.L. agreed to co-operate tentatively with the HAGANAH under the latter's ultimate command, and to transfer its agents to the HAGANAH's Intelligence. In return the I.Z.L. demanded that

/the...

the HAGANAH should not fight the STURGEON until a Jewish State had fully been set up. A preliminary agreement embodying these points was signed on 15th March.

Dear James,

We have received a report from Turkey that an organisation exists in MERSIN to smuggle Jewish Terrorists into Iraq and the Levant States, where their task is to organise cells in BAGHDAD, BASRA, ALEPPO, DAMASCUS and BEIRUT.

The principal routes used are MERSIN - ISKENDERUN - ANTAKYA and MERSIN - GAZI ANTAB.

The head of the Organisation is BAY SHASO a Turkish Jew, residing in apartment Yakoub, 3rd floor, Yogurt Pazari, Hastahane Caddesi, MERSIN. Guides across the frontier are supplied by BAY SHASO's brother, who is a barber in MERSIN. The Syrians are said to be aware of the traffic, and to have taken measures to check it, but the local Turkish authorities are said to be on friendly terms with BAY SHASO.

We have no trace of any of these people.

The Turkish Authorities in ANKARA have seen this report, and comment that there are few "militant" Jews in TURKEY, and that the organisation, if it exists, is more likely to be concerned with smuggling of sugar and gold over the always smuggler-ridden Syro-Turkish frontier.

Yours sincerely,

For

JERUSALEM OUTRAGE:

"WE DID IT"

"British League" Letter to M.P.s.

Several M.P.s reported on Wednesday night that they had received a printed pamphlet by air-mail from Jerusalem. Purporting to come from a body calling itself the "British League (Palestine Branch)" it says:

A "Crusade".

"In the Church of the Holy Sepulchre, on the site where our Lord Christ was crucified by the impenitent ancestors of those very Jews, who now aspire to mastery of this country, members of the British League took a sacred vow, dedicating themselves to a Crusade against the Jews. Accordingly, on Feb. 22, 1948, we attacked the central Jewish quarter of Jerusalem with high explosives, inflicting heavy casualties on the gutter-snipes; over 100 killed and 200 injured - all Jews!"

The pamphlet adds: "Nations of the world arise and smite the Jews. Arabs unite and liberate your country. Britons awake and drive out the Jewish-dominated Labour Government. British soldiers and policemen join the British League. Rule Britannia!"

Typed Envelopes.

M.P.s who have received copies of the pamphlet - they were sent in neatly typed envelopes - include Mr. Sidney SILVERMAN, Mr. Barnett JANNER and Mr. Michael FOOT.

Woolley Denial.

In London, a spokesman of Sir Oswald WOOLLEY's group asserted that the Union Movement has no branch in Palestine.

Local reaction to U.N. decision.

Acts of violence continued throughout the country.  
The following are the major incidents since my telegram  
No 2418.

2. (a) Jerusalem district.

(I) At noon 13th December, near Damascus gate in Jerusalem, two bombs were thrown from a moving taxi. They exploded near two buses killing seven and injuring 54, nearly all Arabs. During police investigations immediately after the incident, a British constable was fired on by Arabs and seriously wounded.

(II) Early this morning, Jews threw two grenades at an Arab bus in Jerusalem. The bombs missed the bus and exploded on waste ground killing an Arab child. One Arab passenger in the bus was injured.

(b) Lydda district.

(I) In Jaffa yesterday afternoon, a bomb was thrown from a motor vehicle wrecking a cafe and a store, killing 7 and injuring 35 Arabs.

(II) In Tel-Aviv yesterday afternoon, an Arab was shot in the leg by Jews.

(III) Yesterday afternoon approximately 25 persons, believed Jews, entered Arab village of Yahudiya and opened an indiscriminate attack with Bren guns, bombs and hand grenades. 7 Arabs, including a woman and children, were murdered and at least 7 others were injured. Several houses were damaged by explosives. The attackers were dressed in military type uniforms with steel helmets.

(IV)

18/12

(IV) During the night of 13th December, a gang of Arab civilians forced their way into a military camp at Ramle, imprisoned the British Officer in Charge, and absconded with 400 rifles, 3 Bren guns, 30 Sten guns and 100,000 rounds of ammunition. Subsequently 76 rifles, 3 Bren guns and 7 Sten guns were recovered from a truck stopped by a military road block.

(c) Haifa.

(I) In the afternoon of 12th December, a Jewish works foreman of Haifa Bay waterworks was shot dead outside the shell installations while driving a truck.

(II) A thirtyfive hour curfew is in force in the Hadar Hacarmel and Mount Carmel areas of Haifa. It is due to expire at 05.00 hours 15th December.

(d) Galilee.

(I) During the afternoon of 13th December, two Arabs from the Lebanon were walking in direction of Kefar Giladi when a Jew made to fire at them. The Arabs disarmed the Jew who shouted for help and 30 other armed Jews arrived on the scene. One of these Jews threw a grenade and wounded one of the Arabs. The latter withdrew into Lebanon territory.

(II) Heavy firing between Arabs and Jews broke out on 13th December in Safad. Two Arabs and two Jewish casualties are known to have resulted. Order was restored when a house curfew was imposed.

(III) Early this morning an Arab bus was ambushed on the Beisan-Jisr Majami road and was gutted. Police later investigating found a hat of Jewish manufacture and explosive materials. The driver of the bus and two Arab passengers were injured in the ambush.

(e) Gaza.

(I) During the morning of 11th December, in the Iqarna police post area, an Arab was shot dead by five Jews. These Jews were subsequently engaged by other Arabs and three of them were killed by the explosion of one of their own bombs.

(II) During the night of 15th December a police patrol at El Sawafir El Gharbiya was fired upon by unknown persons and two British constables were wounded.

Special Branch, New Scotland Yard, have received an anonymous letter from Bombay informing them that a certain Miss Vicki ABRAHAM who left Bombay on 12th November, 1947, on the s.s. 'Atlantis' for London is making the journey in order to gain illegal entry into Palestine in order to join one of the terrorist organisations there. She is reported to be under the influence of a certain Mr. Meir MOSCOVITZ, a resident of Haifa and a member of one of the terrorist organisations. At the time the anonymous informant wrote his letter, date not given, MOSCOVITZ was reported to be in London. Miss ABRAHAM is reported to be "quite a harmless girl" were it not for the bad influence of MOSCOVITZ.

There is no record of either of these persons entering into the U.K. and Special Branch have arranged to be informed should they arrive in this country.

We have no record in this office of either of these persons and pass you the foregoing information for what it may be worth.

Terrorist activities.

A series of revolting murders has been perpetrated by the Stern Group during the fortnight, as "reprisals" for the clash between the security forces and the Stern Group in which two Jewish youths and three girls were killed. The outbreak began on 13 November when four British civilians and one British constable were killed in Haifa and three British constables and two British soldiers killed, and 28 injured in Jerusalem and Tel Aviv. Two of the soldiers injured in Jerusalem subsequently died. On 20th November, 4 Arabs were taken from their village and killed by the Stern Group for leading the security forces to the house where the Stern Group were training. A fifth Arab who was injured died a few days later. The Palestine government denied that the Arab victims had been in any way connected with the discovery of the Stern training ground. Arab reaction took the form of ambushing a Jewish bus and firing at a river boat near Tel Aviv but no Jews were killed.

Enquiries were made regarding the above named persons because of the following paragraph in an anonymous letter received in this office from Bombay:

"Just a few lines to inform you that Miss Vicki Abraham who left Bombay on the 12th November via the s.s. 'Atlantis' bound for London is making the journey in an attempt to smuggle into Palestine to join the Terrorist Gangs there. She is under a strong influence of one Mr. Meir Moscovitz - resident of Haifa and member of the terrorist movt. at present in London - who is directing her. Otherwise she is quite a harmless girl full of ideals."

Extract from S.I.S. report re Palestine - Jewish preparations for defence.

The I.Z.L. and the Stern Gang.

Negotiations are stated to be proceeding between the I.Z.L. and the Stern Gang on the subject of common terrorist action in Syria and Iraq, and Jewish official quarters consider there are indications that an agreement will be reached in this matter. Nevertheless, the Stern Gang (regarded by the Jewish Agency as definitely under Soviet Influence) has openly declared the U.S.A. to be an enemy, while the I.Z.L. has reserved its attitude until a U.S. announcement of policy is made to the U.N.O. Such an announcement, the Jewish Agency believes, will have a large influence one way or the other in deciding the I.Z.L.'s ultimate decision towards collaboration with the Stern Gang.

7. Menachen BEIGIN, Commander of the N.M.O., in a press interview is quoted as saying that the fight against the British invader would continue until the last one left Palestine, and that there was no lull in operations, although the main attack had recently been unsuccessful. He added that N.M.O. was resolved to resist any plan to bisect "our home". Tactics of N.M.O.'s fight against partition would be decided when this theoretical question became an actuality, which he, BEIGIN, considered unlikely. Nevertheless, the dissidents have been quiescent during the week.

..... In a "special communique" issued to the press last night, the Irgun revealed that several clashes have taken place between HAGANAH and IRGUN units within the past few days. It added that "we retaliated and will continue to retaliate until HAGANAH's provocations against us cease."

Describing the clashes, the communique states that "several days ago, one of our soldiers was kidnapped, beaten up and tortured, but we punished one of the sadists responsible for this." Another incident occurred when a HAGANAH unit manoeuvring on the Sharon plain encountered an IRGUN unit, also on manoeuvres. The communique alleges that the HAGANAH members "opened fire on us but fortunately there were no casualties."

The IRGUN also alleged that HAGANAH units had fired on IRGUN members putting up pamphlets in Rehovoth and "beat up our girls." The communique warned: "We don't want to clash with HAGANAH but we shall not permit them to interfere with us. If fratricidal warfare breaks out, the responsibility will be theirs."

Stern Group Suspends Activities.

The Stern Group last night announced that they would cease their activities until the conclusion of the present session of the United Nations. This truce would not, however, affect the organisation's "reactions to British provocations." The Stern Group noted the British declaration to withdraw from Palestine but added it would "wait and see" if the promise were carried out.

Irgun Ready To Co-Operate With Jewish Agency If Partition Plan Dropped.

Readiness to co-operate in the formation of a Jewish provisional Government, "even with the Jewish Agency," if the latter presses for the establishment of a Jewish State in an undivided Palestine, was expressed in a broadcast from the clandestine station of the Irgun Zvai Leumi on the eve of the meeting of the National Assembly.

and on his return, will report to the Secretary of State and the Attorney General on the progress of the displaced persons programme inaugurated by President Truman in December, 1945.

Urging the immediate establishment of a provisional Government, the broadcast said that its primary task would be the "repatriation of Jews to Palestine." Once this was accomplished, the provisional Government should hold general elections to a Parliament which would appoint a permanent Government.

Whilst charging that Mr. Grech Jones's announcement to the United Nations ad hoc committee was "bluff", the broadcast emphasised that nevertheless a new political situation had been created by the announcement. The Palestine Government had entered the stage of "political liquidation", creating a vacuum which must be filled immediately by Jewish action.

If Mr. Ben-Gurion were not in favour of partition, the Irgun would have no objection to his being chosen head of the provisional Government, the broadcast said, but as it is, somebody else, not committed to the partition proposal, must take his place.

BREAK BRITISH BLOCKADE OF PALESTINE: REFUGEE BOAT BROADCASTS  
APPEAL TO UNITED NATIONS.

Jerusalem, Oct. 2nd. (Jewish Telegraphic Agency).

An appeal to the United Nations to break the British blockade of Palestine was made in a broadcast transmitted from the refugee boat "Redemption" tonight. The broadcast stated that the ship is carrying 1,500 passengers, including many children and expectant mothers.

"We are approaching the shores of Palestine," the broadcast announced. "Our vessel is surrounded by seven British warships and we are expecting any minute a British attack. We can already see sailors wearing steel helmets but our spirits are unbroken. We have fought Hitler and we will fight the British. We have lost everything and have nothing to lose."

This sum was transferred through Thomas Cook and Sons at Los Angeles and the person who supplied the information is convinced that it was not a normal business transaction but might be connected with subscriptions for the underground movement in Palestine.

We have no trace in our records of MICHAELSON or Kiva PROUT. We should be interested to know whether you are able to confirm the report of this transaction between the two men and to throw any light on the object of it.

Subject:- Intelligence Summary No. 10/47

SECURITY

JEWISH AFFAIRS.

There are indications that negotiations between commands of the National Military Organization and the Stern Group have been carried out with a view to securing closer cooperation between, or even amalgamation of the two organizations. A reliable source commenting on the negotiations listed the following factors advantageous to the terrorists, in support of amalgamation:-

- (a) The events leading up to the formation of the Stern Group (i.e. in particular, the armistice declared by the N.M.O. at the outbreak of war is no longer in force).
- (b) Growing "persecution" by the Hagana, rendering counter-action necessary.
- (c) Increasing numerical strength of the N.M.O. (proportionately greater than that of the Stern Group).
- (d) The better financial position of the N.M.O. as compared with the Stern Group. (Source remarks that Hagana action against extortion is having a greater effect on the Stern Group than the N.M.O. as the latter are receiving assistance from the Bergson Group. It is possible that as a result of the Bergson Group's success in raising funds the Stern Group may start a collection in the U.S.A.).
- (e) There is strong inclination in Stern Group ranks to join the N.M.O.

2. On the other hand it is pointed out, differences of opinion on a number of points may prove unsurmountable. They are:-

- #607/1
- (i) Policy of assassination which, in general, the N.M.O. opposes.
  - (ii) In the event of amalgamation the Stern Group, being in the minority, will have to adhere to N.M.O. discipline although obtaining a proportionate number of senior positions (source states that a status equal to that of Menachem Beigin is being demanded for the Stern Group leaders).
  - (iii) Dispute over the future name of the combined organization.

3. Whereas in terrorist ranks there are increasing signs of rapprochement, the Hagana is displaying alarming tendencies to division, source states, and the high command is faced with the opposition of two groups - left and right.

According to reports the left group is concentrating around the Mishmar Bnei Hauma, whose members are drawn mainly from the Hashomer Hatzair, Aliya Hadasha, Mapai moderates and Smilansky's adherents. They are demanding an all-out drive against the terrorists without cooperation with Government.

The group in opposition to this policy is drawn mainly from the right wing Zionist parties, including the extremists within the Mapai, the older members being concentrated around Liebenstein and his journal "Beitarem", whilst the younger right wing elements in Palmach have drawn together in a group which is now said to be publishing "Lameri". They are reported to be not only opposed to action against the terrorists, but are demanding that the Hagana should adopt an active role in the struggle, as prior to the 29th June, 1946, which alone, they argue will put an end to separatist activities.

Source states that they are threatening that if their line of action is rejected they will break away from the Hagana to form a group of their own to cooperate with or join the N.M.O. Source maintains that such are not empty threats, as individuals have already left the Hagana and joined the N.M.O. and the numbers are liable to increase.

According to the report these recalcitrant Hagana members are fully in support of Sneh and, should they break away may band together under his leadership.

Source continues to state that the Hagana High Command insist that they cannot return to "activism", at least not while a final decision is awaited from U.N.O. In its anxiety to avoid a serious rift in the ranks the Hagana High Command has been compelled to withhold open cooperation with the security forces and only partly implement the anti-terrorist decisions of the Zionist and Yishuv's institutions.

Source states that even further concessions have been made to the right wing by the Hagana Command removing itself from the domination of the Jewish Agency Political Department. Since Mrs. Meyerson assumed control of the Department, relations with the Hagana are said to have deteriorated under Right-Wing pressure within the Hagana. Source points out that the Command's intention to maintain close relations with the Political Department was supported by the Right Wing, provided that

security matters came within the jurisdiction of Sneh instead of Meyerson, a course which was rejected by both the latter and the Hagana Command. Sneh's transfer to Paris, largely as a result of this difference of opinion, was regarded by the Right Wing of the Hagana as a severe blow to their prestige.

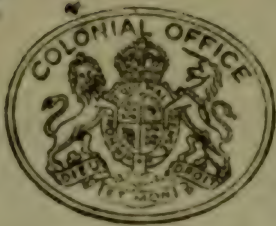

At one time, according to reports, relations were so strained that the Hagana's Right-Wing threatened general disobedience if Meyerson's interference in security matters did not cease, and as a result the Command decided to remove themselves from domination by the Political Department, and establish direct contact with Ben Gurion or his deputy.

In this move, together with the grant of complete autonomy under Sassoon to the Arab Section, is found the reason for Mrs. Meyerson's rejected "resignation on the grounds of ill-health".

During Mrs. Meyerson's leave of absence, Shertok will endeavour to straighten out matters in the Department.

In your despatch No. 36 of the 28th June about the two escaped Jewish terrorists in Jibuti, you suggested that passport facilities should, in future, be denied to Youssouf Mecha, who, although a British subject, had consistently attempted to frustrate your efforts to secure the "refoulement" of these men.

2. Careful consideration has been given to this proposal. Youssouf Mecha does not appear to have committed any criminal act which might justify the cancellation of his existing passport. But I agree that you should not grant him any further passport facilities without reference to London. His passport will require renewal in September 1949.

3. I am grateful for the energetic manner in which you have dealt with the case of the two escaped terrorists.

4. I am sending a copy of this despatch to His Majesty's Ambassador, Paris.

I am,  
Sir,  
Your obedient Servant,  
(For the Secretary of State)

Subject: JEWISH TERRORIST ESCAPE ORGANISATION.

We recently received information from a source which has proved fairly reliable in another matter, that the Headquarters of a Jewish escape organisation is in Aden.

We have no more definite information about this but the following points make the allegation appear worth investigation.

1. Youssef MECHA, a Jew, born in Aden in 1879, a Rabbi in Djibouti, was extremely active in attempting to obtain the release of Arish BEN ELIEZER and Itzhak YESHURITZKY, two Jewish Terrorist escapees who were arrested by the French authorities in Djibouti. He is also thought to have briefed the Counsel for the Defence of these two Jews and to have supplied the funds for their defence. MECHA also applied for visas for six Jews, five of whom afterwards proved to be terrorist escapees from detention.

2. Solomon Shalom SHELEMY, or Shalom SHELEMY, a Jew, born in Aden in 1930, at present living in Addis Ababa, has on two occasions been involved in the harbouring of Jewish escapees. We understand that the British Legation in Addis Ababa has written to you about this man.

3. We have received information, from the same source as alleged that the Headquarters of the escape organisation was in Aden, that the S.S. SHIMONNA is believed to act as a link for Jewish terrorists along the Red Sea to Aden. The SHIMONNA is a steam vessel of some 1100 tons owned by a Wilhelm GOTTSMAN, Palestinian, of Haifa. GOTTSMAN himself is not thought to have any political connections; he is the manager of the United Shipping Agency Ltd. P.O.B. 1257, Haifa.

In the cases of both MECHA and SHELEMY, it has been suggested to the Foreign Office that their British passports and other privileges be withdrawn in view of their ~~what amount to~~ anti-British activities.

We shall be grateful for your comments on the above points, both individually and as tending to support the allegation that Aden contains the Headquarters of a Jewish escape organisation.
